Proposed exchange of land at the Bangalore Cant Railway Station

Sir,

I am directed to refer to your letter No Pol 132/M1 252-26 dated the 23rd July 1927 and in returning the map received with your letter to say that the matter has not been referred officially to the Agent M & S M Railway Company Madras yet as the following criticisms of the proposed exchange have suggested themselves after cursory local enquiry -

(a) The land shown in pink and asked for from the M & S M Railway varies in width from 7' to 12" and it is doubtful whether this can be made available for the road as the new pink boundary-line is apparently the ri of the road-bank if there is no additional width taken up the slope of an embankment aligned on this boundary would presumably fall on to railway land

(b) Much of the land marked red which is now offered in exchange to the Railway is already shown on the Railway plans as Railway property and verification of doubtful areas seems advisable before any further steps are taken

2. In replying to his letter, two copies of any

further maps may kindly be forwarded for record in this office

Sir,

With reference to your letter No L 1696/M1 252-26-4 dated 20th September 1927, asking to furnish replies to certain queries raised by the Secretary to the Hon'ble the Resident in Mysore, in the matter of the proposed exchange of lands at the City Railway Station, I have the honour to state that even after the road is widened and realigned, the slope of the embankment will be within the Railway limits as it is now, and that the Railway Authorities may reclaim the slope by raising when required by them

2 As regards the plot of land marked ex in red and proposed to be given in exchange to the Railway authorities, I write to state that it was once Railway property and that it was subsequently handed over to the Municipality for the improvement of the Railway approach road The present wire-fencing of the Railway premises is on the west side of this

3 In these circumstances, I request that the Railway Authorities may be kindly moved for exchanging the lands as shown in the enclosed plan

Proposed exchange of land at the Bangalore City Railway Station

---

With reference to your No 6674/403-1928 of the 17th July, 1928, I have the honour to inform you that the road proposed to be widened by the Municipality is bounded on the west by Railway land and on the east by the Dharmambaddi Tank, which has been drained There is ample space on the east side of the road for any widening that may be necessary, but it would involve a good deal of banking, and it is apparently to avoid this expense that the Municipality propose that this Administration should relinquish the land, shown pink on the plan enclosed herewith

The piece of land proposed to be handed over to this Railway in lieu of the above, shown yellow on the plan, was relinquished to the Municipality in 1915 and is not required by this Administration

As there is ample room on the eastern side of the road for the widening required, it is not considered advisable for this Railway to relinquish the land asked for by the Municipality
